

CTC 5 Day Intensive Training Workshop

Responding Therapeutically to Child Sexual Abuse

Dates: 13th – 17th March 17

Cost €500

Practical and creative responses are needed in one to one, and group, therapy with children, teenagers and adults whose lives have been affected by sexual violence. In this course the process of disclosure, appropriate responses, and practical and therapeutic interventions are explored. We address issues involved in working with clients of all ages who have experienced child sexual abuse themselves or are attempting to support a loved one (adult or child) who has been affected. Issues for children, adult survivors, family members, offenders, and professionals are considered. Thus, regardless of your client profiles, you will take away new skills, theoretical knowledge, and enhanced understanding.

This training introduces a range of interventions and approaches to facilitate therapy with young clients and with adults with whom talking therapy is not enough. We explore the use of creative mediums, non-directive approaches and focused intervention. A focus on skills development is maintained while a theoretical framework is built throughout the course to facilitate understanding and integration of course material.

We will utilise a range of teaching mediums including lectures, role-play, small and large group work, case studies, video, discussions, use of creative media and experiential work. Opportunities to discuss situations of concern will be provided.

Participants are advised not to schedule any work during the week to allow themselves engage fully in the course. CPD Certificates are presented to each participant.

BOOK NOW – SPACES LIMITED!

Designed for;

Psychotherapists, psychologists, play therapists, psychiatrists, counsellors, and other professionals, including students in these fields, who work therapeutically with clients of all ages.

EILEEN PRENDIVILLE E.C.P., S.I.A.H.I.P., M.I.A.P.T.P., R.N.M.H., Dip. Ed. is the trainer for this course. Eileen has worked with children for over thirty five years and now specialises in the field of Play Therapy training. She has trained and worked in the fields of Pre-school Education, Intellectual Disability and Child Psychiatry, she has particular expertise in working with issues of child sexual abuse.
